

I am appalled to find out that Sinclair Broadcasting is going to force their stations to air an anti-Kerry documentary days before the election - this is a clear violation of Sinclair's obligation to serve the public interest, a privilege which is bequeathed to Sinclair as part of their license from the FCC. And it is the law.

Sinclair needs to be called on this outrageous action they propose, which goes contrary to principles of our Democracy.

It is important that we see real people from our own communities and more substantive news about issues that matter and from a balanced point of view. That would be serving the public interest according to the law.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you.
